

SacredEarth Botanicals: Cream

SacredEarth
BOTANICALS

SacredEarth Botanicals' unscented massage cream is thick, rich and concentrated so a small amount will offer several minutes of workability. Our cream was formulated to provide great grip for controlled strokes and deep tissue work, yet offer the glide of oil making it an excellent choice for a full body massage as well. Rich in essential fatty acids and organic botanical extracts for a calming, therapeutic experience for the client. Unscented, hypo-allergenic and vegan, our massage cream will please even the most discriminating clients.

Vegetable Glycerin - humectant
Organic Lavender Extract - relaxing ingredient
Organic Chamomile Extract - soothing ingredient
Organic Calendula (Marigold) Flower Extract - soothing ingredient
Organic Arnica Extract - calming ingredient
Organic White Tea Extract - antioxidant
Sodium Carbomer - thickening agent
Organic Hemp Oil - rich in essential fatty acids to promote healthy skin
Tocopherols (Vitamin E) - antioxidant
Phenoxyethanol - preservative
Ethyl Hexyl Glycerin - preservative

Terminology 101:

Vegan - vegan is a term to describe a lifestyle which discourages the use of products that are derived from or directly contain animal products.

Emollient - lubricating agents that prevents water loss and softens skin

Humectant - a water-binding agent that helps the skin retain moisture

Antioxidant - counteracts the damaging effects of free radicals on the skin

Emulsifier - helps combine normally immiscible (unmixable) liquids like oil and water
