BOTANICALS

Environmentally Friendly

We show our commitment to the environment in many ways. We use only 100% post consumer recycled paper that is processed without chlorine for our daily use. We also purchase environmentally friendly paper for our promotional materials. All of our display boxes contain post consumer recycled material.

We purchase only renewable power for our facility, generated from alternative sources like wind, solar and wave energy.

SacredEarth Botanicals is dedicated to providing a friendly customer service-oriented alternative for massage schools, practitioners, and retail stores who want to use organic products.

Why Organic?

The word organic refers to the growth, processing, and packaging standards of an agriculture product. Organic products have been grown under the supervision of the USDA via a regional certifying agency. Current regulations forbid genetically altered or engineered products in the growth or make-up of the plant. The processing and packaging must meet a standard of cleanliness similar to that of kosher certification. No irradiation or fumigation is allowed in this process. The purchase of organic products helps fuel an economy that ultimately benefits your body, the farmer, and the earth.

Organic Fractionated Coconut Oil

Our USDA certified organic Fractionated Coconut Oil (FCO) is derived from organically grown and harvested coconuts. Unlike standard FCO, it meets USDA National Organic Program requirements by using steam distillation and hydrolysis to separate the fatty acid chains rather than using chemicals solvents. Our FCO is highly stable and will remain usable for several years. It is odorless, light, absorbs easily, and will not stain your sheets. FCO's antioxidant properties make it an effective moisturizer for your skin. It is completely soluble with other oils, making it an ideal carrier for your favorite essential oil blends. Our FCO will remain liquid at room temperature.

Why Our Organic Fractionated Oil:

- Gluten Free
- Fragrance Free
- Contains No Preservatives
- Extremely Long Shelf Life
- Will Not Clog Pores
- Excellent as a Carrier Oil for Essential Oils

Organic Arnica Salve

Handcrafted in small batches, our USDA Certified Organic Arnica Salve is traditionally used for treating bruises, sprains, inflammation, arthritis and most soft tissue injuries. We cold infuse our organic arnica flowers in organic sunflower oil for several months to draw out the natural healing elements of the arnica. We then combine it with organic comfrey which is rich in allantoin (a natural anti-inflammatory), organic beeswax, organic hemp oil and a custom blend of organic essential oils to create an effective, organic, natural healing salve. Sacred Earth Botanicals' Organic Arnica Salve is offered in a no mess personal applicator.
