

SacredEarth Botanicals: Organic Salves

SacredEarth
BOTANICALS

SacredEarth Botanicals' Organic Arnica Salve is handcrafted in small batches, our USDA Certified Organic Arnica Salve is traditionally used for treating bruises, sprains, inflammation, arthritis and most soft tissue injuries. We cold infuse our organic arnica flowers in organic sunflower oil for several months to draw out the natural healing elements of the arnica. We then combine it with organic comfrey which is rich in allantoin (a natural anti-inflammatory), organic beeswax, organic hemp oil and a custom blend of organic essential oils to create an effective, organic, natural healing salve. It is offered in a no mess personal applicator.

SacredEarth Botanicals' Organic Muscle Rub is handcrafted USDA Certified Organic Muscle Rub offers relief for aching muscles and joints by using some of nature's most effective healing aids. We blend organic beeswax, organic hemp seed oil, organic menthol crystals and several organic essential oils to create a very unique and effective organic salve which is excellent for reducing pain and inflammation associated with sore muscles, and strains, as well as nasal congestion. It is offered in a no mess personal applicator.

Organic Arnica Salve Directions: Rub a liberal amount of arnica salve onto affected area. Repeat 3-4 times a day or as needed.

Organic Muscle Rub Directions: Rub a liberal amount of muscle rub onto affected area. A warming sensation will be felt gradually within 5-10 minutes. Please remember to wash hands thoroughly after use.

Organic Arnica Salve & Muscle Rub Ingredients Simplified:

Certified Organic Cold - Pressed Hemp Seed Oil - Cannabis sativa (hemp) seed oil is comprised of over 80% by volume essential fatty acids (EFA's). The high concentration of EFA's enables the hemp seed oil to enter directly into the lipid layers of dry skin cells to replenish missing oils. Hemp seed oil is exceptionally nourishing to your skin. We use only the highest quality 100% cold pressed, certified organic hemp seed oil from Canada.

Organic Beeswax - Beeswax is the only animal ingredient we use. It is used as a thickening agent. It has emollient, soothing and softening properties that helps the skin retain moisture.

Organic Menthol Crystals - A natural analgesic produced from essential oil of Mentha arvensis (corn mint)

Organic Sunflower Oil - Rich in essential fatty acids and vitamin E, sunflower oil helps aid skin in hydration (humectant).

Organic Essential Oil of Eucalyptus - Improves circulation and eases pain associated with sprains.

Organic Essential Oil of Cinnamon - Adds a warming sensation and improves circulation.

Organic Essential Oil of Spearmint - Contains anti-spasmodic properties, and helps to calm tense muscles.

Organic Essential Oil of Peppermint - A natural analgesic that helps to relieve pain and also helps increase circulation

Organic Essential Oil of Wintergreen - A mild analgesic and anti-rheumatic, reduces pain and inflammation.

Organic Essential Oil of Clove - Anti-rheumatic, helps relieve pain associated with arthritis

Organic Essential Oil Rosemary - Increases circulation and is an excellent anti-rheumatic.

Organic Comfrey Root & Leaf - Rich in the natural anti-inflammatory allantoin, comfrey reduces pain and swelling associated with inflammation.

Organic Arnica Montana Flowers - Well known as one of nature's most versatile healing ingredients, our arnica is cold infused for months in organic oil creating a potent therapeutic extract traditionally used on sprains and bruises.

Organic Rosemary Leaf - Increases circulation and is an excellent anti-rheumatic. Our rosemary is cold infused in organic oils for several months to create a potent therapeutic extract.

Organic Rosemary Extract & Vitamin E - Rosemary extract and Vitamin E are natural preservatives that work to quench free radical activity.
