Organic Aloe barbadensis Leaf Juice - skin moisturizer

Glyceryl Stearate - emulsifier

Cetyl Alcohol - a thickening agent from palm oil

Stearic Acid - emulsifier

Panthenol (Vitamin B) - humectant

Allantoin - from comfrey flowers, soothes the skin

Organic Lavender Extract - relaxing ingredient

Organic Arnica Extract - calming ingredient

Organic White Tea Extract - antioxidant

Organic Chamomile Extract - soothing ingredient

Tocopherols (Vitamin E) - antioxidant

Organic Jojoba Oil - emollient

Organic Borage Oil - emollient

Sodium Carbomer - thickening agent

Phenoxyethanol - preservative

Ethyl Hexyl Glycerin - vegetable based preservative

Terminology 101:

Vegan - vegan is a term to describe a lifestyle which discourages the use of products that are derived from or directly contain animal products.

Emollient - lubricating agents that prevents water loss and softens skin

Humectant - a water-binding agent that helps the skin retain moisture

Antioxidant - counteracts the damaging effects of free radicals on the skin

Emulsifier - helps combine normally immiscible (unmixable) liquids like oil and water
