

Organic Arnica Muscle Rub Salve

SacredEarth
BOTANICALS

SacredEarth Botanicals' Organic Arnica Muscle Rub Salve is handcrafted in small batches, using only USDA certified organic ingredients. With the power of Arnica Montana flowers, menthol and lavandin grosso, it will bring relief to bruises, sprains, inflammation, arthritis and muscle aches.

We cold infuse our organic arnica flowers in organic sunflower oil for several months to draw out the natural healing elements of the arnica. We then combine it with organic lavandin grosso (a natural anti-inflammatory), organic carnauba wax, a custom blend of organic essential oils to create an effective, organic, natural healing salve. It is offered in a no mess personal applicator and an 8oz professional/back bar size.
